Gloss Acrylic Spray Paint

→ **Features:** Superior coverage.
Vibrant finish. Acrylic resin.
UV resistant. Variable output.

Ironlak Gloss Acrylic Spray Paint is a quick dry, high opacity, solvent based acrylic paint designed for artists, by artists. A high concentration of vibrant UV resistant pigment offers superior coverage and excellent longevity when painting outdoors. Acrylic resin has strong adhesion and flexibility, and provides crisp, clean line-work with no overspray. An advanced valve system allows variable spray output, giving a wide spectrum of can control capabilities; fast to slow, thick to thin. Suitable for use on the street and in the studio.
