**To whom it may concern,**

Zack recently completed the full three month Ironlak internship program. Throughout his course of professional experience he participated remotely in the day to day ad hoc workings of the Art Department at AVT Paints; which operates as the umbrella for brands such as Ironlak, Sugar Artists' Acrylic, Kolour Spray Paint and Yard Master. His internship saw him work closely with the USA sales representative to complete a full range of different tasks from helping with redeveloping the price guide to advertisements, and banners.

Zack exhibited excellent verbal and written communication skills whilst undertaking his internship at AVT Paints. Zack completed tasks with accuracy, pride and timeliness. His strong work ethic and attention to the small details would make Zack a true asset to any creative team.

Regards,

**Levi Ramsey**

CEO

AVT Paints
