About me

Product Designer with 8 years of experience designing scalable digital experiences across AI-powered products, e-commerce, and enterprise platforms, with hands-on mobile design for iOS and Android at Microsoft. Experienced in concept development, design systems, and research-driven iteration. Led and contributed to high-impact initiatives at Microsoft serving 500M+ global users. Strong collaborator across engineering, research, and product teams.

Tools

Figma (design systems, components, prototyping), Adobe Creative Suite, and AI tools including Microsoft Copilot and GitHub Copilot, with Apple Human Interface Guidelines and Material Design for iOS and Android work.

Employment

Microsoft

Oct 2022 - Current (4 years)

Product Design • MAI

Designed AI-powered commerce experiences across Copilot, Windows, and Bing (500M+ users) on iOS, Android, and web, contributing to the 2026 redesign and Shopping Copilot initiatives. Designed mobile flows for both iOS and Android, adapting patterns to each platform's conventions. Led UX for AI-assisted Buying Guides and personalization features, collaborated with UX researchers, and developed scalable Figma design systems in collaboration with cross-functional teams.

Selected Consulting & Product Design Engagements

2018 - 2023

Product & Visual Design

Delivered 0→1 and growth-stage UX/UI solutions for startups and enterprise clients across commerce, fintech, sports, and AI-enabled platforms. Led research, product strategy, and design system development in collaboration with PMs and engineers. **Select clients:** Publicis Groupe (Walmart), Prairie & Forge (Chip Ganassi Racing), Varfaj Partners (Vayner Sports, FUUL), Seagate Technology, early-stage startups.

Outsource Consultants, Inc.

May 2018 - September 2019 (1yr 5mos)

Visual & Product Design • Outsource

Led web design initiatives across multiple company properties, including Outsource, Outsource CEU, Special Inspections, Decoder, and BuildingOwl. Redesigned internal project tracking software to improve usability and workflow efficiency. Contributed to brand evolution through digital campaigns, motion assets, typography systems, and marketing materials, while supporting SEO and performance-driven web initiatives.

Ironlak

July 2017 - November 2017 (5 months)

Graphic Design Intern • Ironlak

Collaborated with the marketing manager and senior designers to produce print, social, and advertising assets for global campaigns. Iterated on creative concepts based on stakeholder feedback and developed a customer-facing pricing guide to streamline the ordering process.

Education

School of the Art Institute of Chicago

May 2013 - May 2017

Bachelor of Fine Arts in Visual Communications, Merit Scholarship
